CLASS POEM

Although our school days soon will end,
We've still to go round "life's big bend".
Although we have not set our plans,
We've got a big job on our hands.

In these twelve years we've had real fun,
But now our life has just begun.
And in our class the number's nine,
Of each of these, we'll feed you a line.

Bonnie Clark, she does come first,
Her only wish-to be a nurse.
In class she is the quiet one,
And with her work she's always done.

Alvin Coffey is next in line,
And as a chum he's really fine.
Though he's been with us just a while,
It seems he always has a smile.

Harris Kretzmeier-he's a clown,
You never see him wear a frown.
When he see's that "certain Ringle",
It really makes his little heart tingle.

Mick Murphy is the youngest lad,
In basketball-say he's not bad.
He's going to college-he's a brain,
We hope he'll make it down life's lane.

Now for the shortest in the class,
For her the future has been cast.
She is cute and lots of fun,
Barbara Ringle she's the one.

Junior Skoog-handsome and tall,
He's great at playing basketball.
And when they call out, "Roll up the rug",
He's always ready to jitterbug.

Katrina Tabert's quite a gal,
To us she is a darn good pal.
Bob Carter has her heart and hand,
And to her he's really grand.

We wrote this poem, so its safe to say,
You know our future lies not this way.
We like to dance and cook and sew,
But whom we'll marry. Do you know?

By Evelyn Ringle and Cecilia Steiner

In the beginning of the second grade four more joined the class. They were Charlene Correll, Cecilia Steiner, Evelyn Boyd and Charles Anderson.

Beginning of the third year Tommy Durflinger, Rosamond Moynihan, and Sue Grogan left the class. There were three more that joined the class, they were Hazel Berry, Henry Cossel, and Lucille Staller. There were now nine in the class: Hazel Berry, Henry Cossel, Lucille Staller, Cecilia Steiner, Evelyn Boyd, Charles Anderson, Junior Skoog, Harris Kretzmeier, and Charlene Correll.

PROPHECY

It is now May 10, 1964. My phone just rang. Naturally it was Barbara. She calls me at the same time every morning. She lives a couple of houses from me and has since the summer of '54. We live in San Francisco, California.

This morning instead of the usual gossip she had some interesting news for me. She had received a telegram from her sister, Evelyn who had stayed back in Pine Twp. It said there was going to be a Class of '54 reunion at Pine High School. Barbara told me to come over to her house and over a cup of coffee we would make plans to attend.

We decided to leave that very week end, since the reunion was to be held the next week, and invited our husbands to go along. Barbara's husband owns a line of Standard Stations in San Francisco and my husband is a Doctor there.

We made our train reservations, wired Evelyn telling her where and when to meet us, and prepared to leave that week-end.

A few days later we were on our way. We stopped in Denver, Colorado long enough to leave some passengers and for two more to board. One of them looked familiar, and when we got a better look at him we saw that it was an old class mate of ours, Alvin Coffey, and his wife. After graduation Alvin had joined the Army and he and his wife were now living in Denver, and had two children who were staying with friends. We talked over old times and found out that they, also, were on their way back to good old Pine.

When we got to Chicago we got off the train and were on our way to find Evelyn, when we saw Cecilia and her husband. She didn't see us at first so we went over where she was and she flashed a smile of recognition which was always one of her habits. We started talking and learned she and her husband had just returned from Hawaii after a vacation. Her husband was a lawyer in Fowler which was now the third largest city in Indiana. After a few minutes Evelyn and her fiance, Harris Kretzmeier, met us. He was now the National President of the Hot Rod Clubs of America. Soon we were all on our way back to Pine Twp.

The next Monday we went to the school house for the reunion. Mick Murphy was now Coach at Pine and he and his wife had two boys. He told us that Pine had won the State Basketball Tourney for two years straight.

Then we saw the president of our class, Junior Skoog, and his wife. He had a 500 acre farm in Pine Twp., and was also the township trustee. They had two sets of twin boys. We could see he was very happy with his wife and family.

We noticed Bonnie and her husband coming in the door later on in the day and she explained she had been delayed in Indianapolis where she was Head of Nurses at the Robert Long Hospital. Her husband was the famous doctor who had discovered the cure for cancer. We were very proud to have such a prominent man among us.

All too soon the orchestra was playing the closing tune which was the theme of our Prom in '53, and we realized that it was time for us to part again after a very exciting and special day with all our class mates at good old P. H. S.

Barbara Ringle & Katrina Tabert

In memory of Marilyn Clark, class of 1954, who always took an active part in school although she was unable to attend class the past two years.
